At 10, Ben had seen his share of loss. His mom died when he was 4 and abuse from his dad had become a part of his life. Ben was placed in foster care and was scared and angry. He struggled in school and was failing. Ben's assigned CASA volunteer, Aaron, knew that under Ben's tough exterior was a young boy dealing with immense grief and fear. A boy who had been let down. Aaron made sure Ben knew he wasn't going to let him down. Aaron helped Ben deal with his loss and reach his potential in school. In time, Ben learned to trust Aaron and he began to succeed. At CASA, we believe every child has a voice, and with help, that voice will be strong. Your donation will give children a voice and hope for the future.

~About us:~

Over 42 years, the Community Food Bank locations and partnerships have changed, expanded and evolved, but the core mission has remained the same throughout the years: to provide supplemental food to any and all hungry Mesa County individuals and families, without exclusion. In the first six months of the COVID19 outbreak, CFB has provided food to over 20,000 individuals and delivered 3,300 food boxes to vulnerable community members staying safer at home. For every dollar donated CFB can provide over three meals to those in need. If you believe no family in our valley should have to choose between paying their bills and putting nutritious food on the table, we invite you to support your Community Food Bank.

Marillac Health provides a wide scope of primary health care services to all Mesa County residents regardless of income or insurance status.

**Marillac**

In 2012, Karis opened the House, the only emergency shelter for homeless, unaccompanied youth between Denver and Ogden, Utah. Today, Karis serves 250 homeless youth each year and operates programs providing shelter, transitional housing, street outreach, mental health services, and supportive employment, and recently opened Laurel House, which provides long-term housing and support to our most vulnerable homeless youth. Our programs help youth reach HOME: Housing that is safe and stable, Ongoing positive relationships, Meaning through education and employment, and Emotional, physical, and psychological well-being. Last year, 96% of youth from the House exited to safe and stable housing, and these youth experienced self-sufficiency in Mesa County one year after exit.

**Mesa County Libraries**

Established in 1994, the Mesa County Libraries Foundation is a 501 (c)(3) non-profit entity formed exclusively for expanding library programs and services. Donations to the Foundation have benefited the 970West Studio, Words on Wheels (the bi-weekly book delivery service), The Adult Learning Center, Summer Reading, Comic Con, Culture Fest, the Discovery Garden, and more. Donors have the option to designate gifts to a program, service, or capital improvement. Capital restricted donations of $50 or more qualify for Enterprise Zone state tax credit.

**Partners**

The Mission of Partners is to make a difference in the lives of young people by helping them to develop a positive self-image, a sense of belonging, and an acceptance of responsibility for their actions.

**Kids Aid Backpack**

The problem of hunger is complex; the mission of Kids Aid is simple: provide food to kids who will otherwise go hungry over the weekend. Many children eat at school during the week through free and reduced meal programs and often do not have anything to eat between lunch on Friday and school on Monday. The Kids Aid Backpack Program bridges that hunger gap by sending children home with bags of food so that they can eat over the weekend. You can make a profound difference for our food-insecure youth in Mesa County...one bag of food, one hungry child at a time.

Colorado Riverfront Foundation advocates for coordinated community stewardship of our river corridors, and envisions a Colorado River system that is a centerpiece of the Grand Valley for ecologic, economic, cultural, and recreational values.

MORE INFORMATION:
www.coloradogives.org/1RF

ABOUT US:
Did you know... 30 years ago you couldn't walk along or get a boat onto the Colorado River in the Grand Valley? The river banks were once home to thousands of discarded car bodies, tires, mill tailings and trash. With the determination of 11 community members, the arduous task of reclaiming the banks of the Colorado River began. Their dedication, as well as from the members who’ve followed, has paid off; today you can walk or bike 43+ miles on the non-motorized riverfront trail. Your donation supports enhancements to recreational opportunities in this wonderful place we live and bring us closer to a trail from the Mesa County/Garfield line to the Colorado/Utah State line.

We restore large river landscapes and lead four collaboratives along the Colorado, Gunnison, Dolores, and White Rivers in Western Colorado and Eastern Utah. Your donation invests in the health of rivers that benefit our local economy and community. In the Grand Valley, our work at Las Colonias, Riverbend Park, and many other areas has played a part in the physical and economic revitalization of the riverfront by providing recreational opportunities, improving wildlife habitat, and attracting businesses to once marginalized riverfront areas. When we invest in rivers, we improve the quality of life in our community, we create jobs and strengthen our economy. When we invest in rivers, we invest in our shared future.
